

SQUASH

Lebanese type

SANDRELLA F1

Type	Lebanese
Size	Length: 8 – 10 CM Diameter: 5– 6 CM
Shape	Bulb (club) shaped
Color	Dark green
Resistance	Gc; Px; WMV; ZYMV
Plant	Very strong, uniform fruit
Remarks	High yield, long shelf-life. Medium setting

DISCLAIMER: Claims and other disclosed information are based on our observations and/or information from other sources. Crop performance depends on the interaction between the genetic potential of the seed, its physiological characteristics, the environment, including management, and other uncontrollable factors that may alter expected performance. Statements on the reaction of varieties to a specific pathogen, pest, or stress are based on evaluation under defined conditions. These reactions can be affected by changes in environmental and biological factors, especially new pathogen races, pest biotypes, or vectors of disease agents. Therefore, we give no warranty, express or implied, for crop performance relative to the information given; nor do we accept any liability for any loss, direct or consequential, that may arise from any cause. Read all seed package labeling carefully as it contains terms and conditions of sale.
